

## AREWA RECYCLING (PTY)LTD

E-WASTE RECYCLING COMPANY

### Introduction:

In today's technology-driven world, the generation of electronic waste (e-waste) is rapidly increasing, posing significant environmental and health risks if not managed properly. Our company is pleased to present comprehensive e-waste recycling services to address the growing need for responsible e-waste disposal and recycling solutions. Our services include e-waste disposal, e-waste recycling, data destruction, document destruction, decommissioning services, and e-waste bin deposition.

### Objective:

Our primary goal is to provide businesses and organizations with a sustainable and environmentally friendly solution for managing their electronic waste. By offering a full suite of e-waste recycling services, we aim to promote proper e-waste disposal practices, maximize recycling efforts, and ensure data security and privacy throughout the disposal process.

### Services Offered:

- 1. E-Waste Disposal:** We provide safe and compliant e-waste disposal services to ensure that electronic devices are properly handled and disposed of in accordance with environmental regulations.
- 2. E-Waste Recycling:** Our advanced recycling facilities are equipped to process a wide range of electronic devices, extracting valuable materials for reuse and minimizing the environmental impact of e-waste.
- 3. Data Destruction:** To safeguard sensitive information, we offer secure data destruction services that adhere to industry standards and best practices, ensuring complete data sanitization before e-waste disposal.
- 4. Document Destruction:** In addition to data destruction, we provide secure document destruction services to help businesses protect confidential information and maintain compliance with data privacy regulations.
- 5. Decommissioning Services:** Our experienced team offers decommissioning services to assist businesses in safely retiring and removing outdated or unused electronic equipment, ensuring proper disposal and recycling.

**6. E-Waste Bin Deposition:** We provide e-waste bins and containers for convenient collection and storage of electronic waste at your premises, facilitating easy disposal and recycling of e-waste.

**Benefits:**

- Environmentally friendly e-waste disposal and recycling solutions
- Compliance with regulatory requirements for electronic waste management
- Data security and privacy protection through secure data destruction
- Efficient decommissioning and removal of electronic equipment
- Convenient e-waste bin deposition for seamless waste collection
- We offer funds for valuable materials
- Safe Destruction certificate issued for every collection.

**Conclusion:**

By choosing our e-waste recycling services, businesses can contribute to a sustainable future by responsibly managing their electronic waste. Our comprehensive solutions ensure that e-waste is handled and recycled environmentally while safeguarding data security and privacy. We look forward to partnering with you to create a greener and more sustainable environment for generations to come. Thank you for considering our proposal.
